PRODUCTION SHARING AGREEMENT AND LICENSES

This Agreement is made and entered into on July 17, 2002 by and between:

(1) Regional Government of Sulaimaniyah (hereinafter referred to as “Governorate”), of the Interim Joint Regional Administration of Northern Iraq (hereinafter referred to as “Northern Iraq Administration”) as the party of the first part;

(2) as party of the second part, Genel Enerji A.S. (hereinafter referred to as “Contractor”).

The Northern Iraq Administration and/or Governorate and the Contractor may sometimes be referred to as “Party” and collectively as the “Parties”.

WITNESSETH:

WHEREAS, Patriotic Union of Kurdistan and Kurdistan Democratic Party together with the Department of State of the United States of America entered into the Final Statement on September 17, 1998 in Washington D.C. (hereinafter referred to as “Final Statement”)

WHEREAS, the Final Statement is determining the administration of the Northern Iraq as well as the governmental rights,

WHEREAS, Northern Iraq Administration; in the context of its commitment to Iraq’s territorial integrity; enters into this Agreement wishing to promote the development of the Agreement Area and Contractor desires to join and assist in the exploration, development and production of the potential resources within the Agreement Area;

WHEREAS, Contractor has the requisite technical, managerial and financial capabilities and experience to carry out Petroleum Operations stipulated in this Agreement and desires to co-operate with the Northern Iraq Administration for the exploration and exploitation of Petroleum reserves within the Agreement Area;

WHEREAS, Governorate is the current holder of the oil and gas usage right in respect of the Agreement Area (hereinafter referred to as the “License”) and the License is to be reissued to the Contractor; and

WHEREAS the Parties have agreed that in order to promote the development of hydrocarbon resources in Northern Iraq Administration and to promote international investment in Northern Iraq Administration, Petroleum Operations should be carried out pursuant to the terms of this Agreement.

NOW, THEREFORE, in consideration of the promises and the mutual covenants and conditions herein contained, it is hereby agreed as follows:
ARTICLE 1
DEFINITIONS

The following words and terms used in this Agreement shall unless otherwise expressly specified in this Agreement have the following respective meanings:

1.1 “Accounting Procedure” means the accounting procedure set out in Annex “B” hereto.

1.2 An “Affiliated Company” or “Affiliate” means:

with respect to a Contractor Party: a company, corporation, partnership or other legal entity:

i) in which a Contractor Party owns directly or indirectly more than fifty percent (50%) of the shares, voting rights or otherwise has the right to establish management policy; or

ii) in which at least fifty percent (50%) of the shares or voting rights are owned directly or indirectly by a company or other legal entity, which owns directly or indirectly more than fifty percent (50%) of the shares, voting rights or otherwise has the right to establish management policy of a Contractor Party;

1.3 “Agreement” or “PSA” means this Production Sharing Agreement together with all attached Annexes and any variation, extension or modification hereto which may be agreed in writing by all the Parties.

1.4 “Agreement Area” means the area specified in Article 3 hereof and delineated in Annex A, as reduced or enlarged from time to time in accordance with the provisions of this Agreement.

1.5 “Agreement Year” means a period of twelve (12) consecutive months from the Effective Date within the term of the Agreement.

1.6 “Annex” or “Annexes” means each or all of the Annexes “A” through “D” attached to this Agreement and made a part hereof. In the event of a conflict between the provisions of an Annex and a term in the main body of this Agreement, the provisions of the latter shall prevail.

1.7 “Appraisal” means all works carried out by Contractor to evaluate and delineate the commercial character of a Discovery of Petroleum in the Agreement Area.

1.8 “Appraisal Program” means a work program submitted by Contractor under which Contractor plans to evaluate and delineate a Discovery of Petroleum in the Agreement Area.
1.9 "Associated Natural Gas" means all gaseous hydrocarbons produced in association with Crude Oil, which Crude Oil itself can be commercially produced and separated therefrom.

1.10 "Authority" means any authorised body of the Northern Iraq Administration and/or Governorate;

1.11 "Available Crude Oil" means Crude Oil produced and saved from the Agreement Area and not used in Petroleum Operations in accordance with Article 10.3.

1.12 "Available Natural Gas" means Natural Gas produced and saved from the Agreement Area and not used in Petroleum Operations in accordance with Article 10.3.

1.13 "Barrel" means a quantity consisting of forty-two (42) United States gallons liquid measure, corrected to a temperature of sixty degrees (60°) Fahrenheit with pressure at sea level.

1.14 "Budget" means the estimate of the expenditures, listed category-by-category, relating to Petroleum Operations and contained in any Work Program proposed by Contractor.

1.15 "Calendar Quarter" or "Quarter" means a period of three consecutive months beginning on January 1st, April 1st, July 1st and October 1st of each Calendar Year.

16.1. "Calendar Year" means a period of twelve (12) consecutive months beginning on January 1st and ending on December 31st in the same year, according to the Gregorian Calendar.

1.18 "Capital Expenditures" means Development Expenditures Exploration Expenditures and Drilling Costs.

1.19 "Commercial Discovery" means a discovery of Petroleum that the Contractor in its sole discretion in accordance with the provisions of Article 8 commits itself to develop and produce under the terms of the Agreement.

1.20 "Commercial Production" means regular and continuous production of Petroleum from a Development Area in such quantities (taking into account any other relevant factors) as are worthy of commercial development.

1.21 "Contractor" means Genel Enerji A.S., as provided herein.

1.22 "Co-ordination Committee" means the committee composed of representatives of the Contractor and the Governorate constituted in accordance with Article 6.

1.23 "Cost Recovery Petroleum" means Cost Recovery Crude Oil and Cost Recovery Natural Gas.

1.24 "Cost Recovery Crude Oil" is defined as set forth in Article 10.4.
1.25  “Cost Recovery Natural Gas” is defined as set forth in Article 10.4

1.26  “Costs and Expenses” comprise the Exploration Expenditures, Development Expenditures, Operation Expenses and Drilling Costs together with Finance Costs whether directly or indirectly incurred by Contractor.

1.27  “Crude Oil” means crude mineral oil, asphaltene, ozopherite and all kinds of hydrocarbons whether in a solid, liquid or mixed state at the wellhead or separator or which is obtained from Natural Gas through condensation or extraction.

1.28  “Cumulative Production” means the cumulative total crude oil production less Reserved Crude Oil from the Agreement Area commencing from the date of the Transfer of the Operations of the Field to the Contractor.

1.29  “Current Legislation” means laws, legislative acts, and normative documents that are effective on the Effective Date in the Northern Iraq Administration.

1.30  “Customs Duties” means all import (or export) tariffs and duties and other mandatory payments as stipulated by applicable laws, regulations or other legal measures of Northern Iraq Administration with respect to the import or export of materials, equipment, goods and any other similar items.

1.31  “Development Area” means all or any part of the Agreement Area specified in an approved Development Plan.

1.32  “Development Expenditures” means all Costs and Expenses for Development Operations with the exception of Operation Expenses and Drilling Costs whether directly or indirectly incurred, including but not limited to training, administration, service, Finance Costs and related expenses.

1.33  “Development Plan” means the plan to be produced by Contractor in accordance with Article 8.6. following a declaration that Commercial Production may be established.

1.34  “Development” or “Development Operations” or “Development Work” means and includes any activities or operations associated with work to develop Petroleum for production and subsequently to produce and render Petroleum marketable for commercial sale and shall include, but not limited to:

a)  all the operations and activities under the Agreement with respect to the drilling of wells, other than Exploration wells, the deepening, reworking, plugging back, completing and equipping of such wells, together with the design, construction and installation of such equipment, pipeline or gathering lines, installations, production units and all other systems relating to such wells and related operations in connection with production and operation of such wells as may be necessary in conformity with sound oil field practices in the international Petroleum industry.
b) all operations and activities relating to the servicing and maintenance of pipelines, gathering lines, installations, production units and all related activities for the production and management of wells including the undertaking of re-pressurising, recycling and other operations aimed at intensified recovery, enhanced production and oil recovery rate.

1.35 “Discovery” means a well that the Contractor determines has encountered Petroleum, which would justify Commercial Production.

1.36 “Dollar” or “U.S.$” means the currency of the United States of America.

1.37 “Double Tax Treaty” means any international treaty or convention for the avoidance of double taxation of income and/or capital which is applicable or will be applicable in the future, in Northern Iraq Administration.

1.38 “Drilling Costs” means all expenditures whether directly or indirectly incurred during Exploration and Development for well drilling, completing and reworking operations including, but not limited to, labor, geological design, engineering and other Subcontractors (including all fees, tariffs and charges payable to any such Subcontractors), material and equipment consumed or lost, perforation, formation testing, cementing, well-logging and transportation.

1.39 “Effective Date” means the date on which this Agreement has been signed by all Parties and the requirements of Article 31 have been satisfied.

1.40 “Excess Associated Natural Gas” is defined as set forth in Article 15.1.b.

1.41 “Exploration” or “Exploration Operations” means operations conducted under this Agreement in connection with the exploration for previously undiscovered Petroleum, or the evaluation of discovered reserves which shall include geological, geophysical, aerial and (other survey) activities and any interpretation of data relating thereto as may be contained in Exploration Work Programs and Budgets, and the drilling of such shot holes, core holes, stratigraphic tests, Exploratory Wells for the discovery of Petroleum, Appraisal wells and other related operations.

1.42 “Exploration Expenditures” means all Costs and Expenses for Exploration Operations other than Drilling Costs whether directly or indirectly incurred including but not limited to training, administration, service, Finance Costs and related expenses and overhead and study costs.

1.43 “Exploratory Well” means any well drilled with the objective of confirming a structure or geologic trap in which Petroleum capable of Commercial Production in significant quantities has not been previously discovered.

1.44 “Field” means a Petroleum reservoir or group of reservoirs within a common geological structure or feature. “Field” may be an “Oil Field” or a “Natural Gas Field” as designated by Contractor.
1.45 "Finance Costs" or "Interest Costs" shall include all amounts of interest, fees and charges paid in respect of any debt incurred in carrying out the Petroleum Operations and any refinancing of such debts, providing that in the case of Affiliate debt, it shall include interest only to the extent that it does not exceed a rate which would have been agreed upon between independent parties in similar circumstances and such interest is not limited by which assets or services are purchased by the loan principal.

1.46 "Force Majeure" is defined as set forth in Article 24.2.

1.47 "Foreign Employee" is defined as set forth in Article 16.17

1.48 "Foreign Subcontractors" means Subcontractors which are organised outside of Northern Iraq Administration and under Current Legislation are not obliged to establish permanent representative offices in Northern Iraq Administration.

1.49 "Gas Sales Agreement" is any agreement to be entered into for the sale of Non-associated Natural Gas and Associated Natural Gas in accordance with the provisions of Article 15.2.

1.50 "Genel Enerji A.S." means the legal entity established in accordance with the laws of the Republic of Turkey.

1.51 "Joint Operating Agreement" or "JOA" means the agreement to be concluded if necessary between the Contractor and the third parties, which shall be supplementary to and consistent with the provisions of this Agreement and which shall regulate the terms under which Petroleum Operations will be conducted.

1.52 "LIBOR" means the three (3) months U.S. Dollars London Interbank fixing offer rate quoted daily in the London Financial Times.

1.53 "Marketing Team" is defined as set forth in Article 15.2.a.ii.

1.54 "Measurement Point" means the location specified in an approved Development Plan where the Petroleum is metered and delivered to the Parties or such other location as the Parties may agree from time to time prior to the submission of a Development Plan as the circumstances may require.

1.55 "Month" or "Calendar Month" means a calendar month.

1.56 "Natural Gas" means Non-associated Natural Gas and Associated Natural Gas in their natural state.

1.57 "Natural Gas Field" means a field from which more than fifty (50) percent of the estimated reserves on an energy equivalency basis are Natural Gas at surface conditions.

1.58 "Non-associated Natural Gas" means all gaseous hydrocarbons produced from gas wells, and includes wet gas, dry gas and residue gas remaining after the extraction of liquid hydrocarbons from wet gas.
1.59 "Northern Iraq Administration" or "Government" means the Northern Iraq Administration, Council of Ministers and all political or other agencies or instrumentality or subdivisions thereof including but not limited to any local government or other representative, agency or authority, which has the authority to govern, legislate, regulate, levy and collect taxes or duties, grant licences, permits, approve or otherwise impact (whether financially or otherwise) directly or indirectly upon any of the Parties' rights, obligations or activities under the Agreement; the word "Governmental" shall be construed accordingly.

1.60 "Oil Field" means a field from which more than fifty (50) percent of the estimated reserves comprise Crude Oil.

1.61 "Operation Expenses" means those costs incurred in day-to-day Petroleum Operations, whether directly or indirectly incurred including but not limited to all costs, expenses and expenditures associated with the Production, processing and transportation to the Measurement Point of Petroleum, training, administration, service, payments for abandonment and site restoration in accordance with Article 8.8, insurance costs in accordance with Article 22.2. and related expenses.

1.62 "Operator" means the Contractor or a company to be established by the Contractor upon the mutual agreement of the parties.

1.63 "Party" or "Parties" means the parties whose authorized representatives have affixed their signatures hereto.

1.64 "Payment Date" has the meaning as defined in 10.9.

1.65 "Petroleum" means Crude Oil and Natural Gas.

1.66 "Petroleum Operations" means the Exploration Operations; the Development Operations, Production Operations, and transportation to the Measurement Point and other activities related thereto carried out pursuant to this Agreement and the JOA.

1.67 "Petroleum Operations Account" shall have the meaning given to it in paragraph 4.1 of section I of the Accounting Procedure.

1.68 "Production" or "Production Operations" means operations and all related activities carried out for Petroleum production after the approval of any Development Plan, including without limitation extraction, injection, stimulation, treatment, transportation, storage, lifting, and associated operations, but does not include any storage or transportation beyond the Measurement Point.

1.69 "Profit Natural Gas" is defined as set forth in Article 10.9.

1.70 "Profit Oil" is defined as set forth in Article 10.9.

1.71 "Profit Tax" is defined as set forth in Article 16.
1.72 "Reserved Crude Oil" means Crude Oil produced and saved from the Agreement Area as determined in Article 11.5.

1.73 "Study Area" means the part of the Agreement Area, which will be defined in a Study Program.

1.74 "Study Program" means the program to be produced and carried out by the Contractor in accordance with Article 8 following the conclusion that Commercial Production is feasible.

1.75 "Subcontractor" means any natural person or juridical entity agreed directly or indirectly by or on behalf of Contractor to supply goods, works or services related to this Agreement.

1.76 "Third Party" or "Third Parties" means one or more of a natural person or juridical entity other than a Party hereto and any Affiliate of a Party.

1.77 "Taxes" means all levies, duties, payments, fees, taxes or contributions payable to or imposed by Governmental agencies, Governmental subdivisions or republican, municipal or local authorities within the Government of Northern Iraq Administration or within the government of Iraq.

1.78 "Transfer of Operation" means the day, the Petroleum Operations in the Field are transferred to the Contractor on the date the Contractor completes the mobilisation of its office and personnel, within 45 (forty five) days following the Effective Date.

1.79 "VAT" means Northern Iraq Administration value added tax.

1.80 "Withholding Tax" is defined as set forth in Article 16.13.

1.81 "Work Program" and "Work Program and Budget" means any work program and work program and Budget to be submitted to the Co-ordination Committee by the Contractor in accordance with the provisions of Article 9 and which shall set out the proposed Petroleum Operations to be carried out in the Agreement Area together with the associated Budget as the case may be.

**ARTICLE 2**

**SCOPE OF AGREEMENT AND GENERAL PROVISIONS**

2.1 The approval of this Agreement by the Governorate should not be deemed as a challenge of the territorial integrity of Iraq and Governorate hereby ratifies the Licence according to the Current Legislation.

2.2 Subject to the terms and conditions of the Agreement, the Northern Iraq Administration hereby in accordance with Current Legislation grants to the Contractor the exclusive rights to conduct Petroleum Operations in the Agreement Area during the term of this Agreement.
2.3 Contractor shall be responsible to the Governorate for the execution of such Petroleum Operations in accordance with the provisions of the Agreement.

2.4 In performing Petroleum Operations, Contractor shall provide all financial and technical requirements, unless otherwise provided in this Agreement and conduct all operations in accordance with the standards generally accepted in the international Petroleum industry.

2.5 Contractor shall be compensated for its services, not by way of reimbursement in cash of its expenditures under the Agreement, but by receipt of its share of Petroleum from the Agreement Area to which it may become entitled by way of cost recovery out of Cost Recovery Petroleum described in Article 10. If Petroleum produced from Development Areas within the Agreement Area developed by Contractor, Cost Recovery Petroleum under Article 10 and Profit Oil and Profit Natural Gas is insufficient to reimburse Contractor for Costs and Expenses incurred by Contractor, Contractor shall bear its own losses in respect of any shortfall.

2.6 This Agreement defines the Parties' rights and obligations, governs their mutual relations and establishes the rules and methods for the Exploration, Development, Production, and sharing of Petroleum between them. The entire interests, rights and obligations of each of the Parties under this Agreement shall be solely governed by the provisions of this Agreement.

2.7 During the period in which this Agreement is in force, all Available Crude Oil and Available Natural Gas resulting from Petroleum Operations, will be shared between the Governorate and the Contractor in accordance with the provisions of Article 10 of this Agreement.

2.8 It is agreed that the Operator shall be the Contractor unless changed by the Contractor with another Operator. That appointment shall be effective from the date it is notified to all concerned Parties. Following the appointment the Operator shall act as the designated non-profit agent of the Contractor for the conduct of Petroleum Operations in accordance with this Agreement and any future JOA to be entered into.

ARTICLE 3

AGREEMENT AREA

3.1 The Agreement Area is as set out by the geographic location and co-ordinates described in Annex “A” attached hereto and delineated in the map, which forms part thereof. The total area of the Agreement Area may hereafter be reduced only in accordance with the provisions of this Agreement.

3.2 Except as for all rights and authorisations necessary for the implementation of the provisions of this Agreement, no right is granted to the Contractor, any other entity to the use or disposal of any other natural or man-made resources or aquatic resources or other natural resources with the exception of aquatic
resources used directly in Petroleum Operations in accordance with relevant permits which will be obtained through the Northern Iraq Administration.

ARTICLE 4
AGREEMENT TERM

4.1 The term of the Agreement shall be deemed to have begun on the Transfer of Operations Date and shall continue for a total of twenty-five (25) consecutive Agreement Years, unless the Agreement is sooner terminated in accordance with Article 28 of this Agreement.

4.2 If in respect of any Development Area, Commercial Production remains possible beyond the initial period of twenty-five (25) consecutive Agreement Years specified in Article 4.1 the Contractor, after giving notice to the Governorate at least one (1) year prior to the end of any such period, and after obtaining approval by the Co-ordination Committee of a revised Development Plan shall be entitled to have an extension of the term of this Agreement with respect to such Development Area for an additional term of five (5) years or the producing life of the Development Area, whichever is lesser, subject to the approval of the Governorate, and such approval shall not be unreasonably withheld.

ARTICLE 5
RELINQUISHMENTS

5.1 Contractor may at any time relinquish voluntarily all or any part of the Agreement Area without any further liability. The area designated under Article 5.1 for relinquishment shall consist as far as practicable of rectangular blocks bounded by lines running due north and south and due east and west and shall not be less than five (5) square kilometres. The area designated for relinquishment need not consist of one contiguous area.

ARTICLE 6
COORDINATION COMMITTEE

6.1 For the purpose of providing the overall supervision and direction of and ensuring the performance of the Petroleum Operations, Governorate and Contractor shall establish a Co-ordination Committee within forty-five (45) days of the Effective Date.

6.2 The Co-ordination Committee shall comprise a maximum total of four (4) members. The Governorate shall appoint a total of two (2) representatives and Contractor shall appoint two (2) representatives to form the Co-ordination Committee. All the aforesaid representatives shall have the right to attend and present their views at meetings of the Co-ordination Committee. Each
representative shall have the right to appoint an alternate who shall be entitled to attend all meetings of the Co-ordination Committee but who shall have no vote except in the absence of the representative for whom he is the alternate.

6.3 The first Chairman of the Co-ordination Committee shall one of the representatives designated by the Governorate (or his alternate), and the first Vice Chairman shall be the chief representative designed by the Contractor. (or his alternate). The Chairman and Vice Chairman shall be appointed for a term of two (2) years. The Chairman of the Co-ordination Committee shall preside over meetings of the Co-ordination Committee and in the absence of the Chairman (or his alternate); the Vice-Chairman shall preside. Such Parties may designate a reasonable number of advisors, who may attend, but shall not be entitled to vote at, Co-ordination Committee meetings.

6.4 A regular meeting of the Co-ordination Committee shall be held at least twice every year. The Secretary to be designated pursuant to Article 6.9 shall be responsible for calling such regular meetings of the Co-ordination Committee and shall do so at the request of the Chairman by sending a notice to the Parties. Other meetings, if necessary, may be held at any time at the request of the Parties or Contractor. In each case the secretary shall give the Parties at least 30 days notice (or such shorter period as the Parties may agree) of the proposed meeting date, the time and location of the meeting.

6.5 The Parties hereby empower the Co-ordination Committee to:

a) review and examine any Work Program and Budget proposed by the Contractor and any amendment thereof;

b) determine the Commerciality of each proposed Development Operation;

c) review and adopt proposed Development Operations and Budgets;

d) approve or confirm the following items of procurement and expenditures:

i) approve procurement of any item within the Budget with a unit price exceeding Two Hundred and Fifty Thousand U.S.$ (U.S.$ 250,000) or any single purchase order of total monetary value exceeding One Million U.S. $ (U.S.$1,000,000);

ii) approve a lease of equipment, or an engineering sub Agreement or a service Agreement within the Budget worth more than Five Hundred Thousand U.S. $ (US$500,000) in total; and

iii) approve excess expenditures pursuant to Article 9.5 hereof and the expenditures pursuant to Article 9.6 hereof;

e) demarcate boundaries of a Development Area;
f) review and approve the insurance program proposed by the Contractor and emergency procedures on safety and environmental protection; in addition all programmes and budgets which are in connection with environmental protection;

g) review and approve personnel policies, selection and training programs for Operator. Without prejudice to the foregoing, it is accepted that part of the personnel policy of Operator shall be to give preference to local citizens, provided that the conduct of Petroleum Operations shall not be affected;

h) discuss, review, decide and approve other matters that have been proposed by either Party, Contractor or the Operator;

i) review and discuss the development work and technological regimes proposed by the Parties; and

j) appoint sub-committees to meet from time to time to review any aspect of Petroleum Operations, which the Co-ordination Committee thinks fit.

6.6 Decisions of the Co-ordination Committee shall be made by unanimous decision of the representatives present and entitled to vote. Each representative will have one vote. All decisions made unanimously shall be deemed as formal decisions and shall be conclusive and equally binding upon the Parties.

6.7 Parties shall endeavour to reach agreement and unanimous decision on all matters presented to the Co-ordination Committee. In the event that on any matter related to the investment or any matter related for the Contractor to make or cause to make any cost or expense for the Petroleum Operations in relation with the Annual Work Program and Budget; which the Co-ordination Committee are unable to reach agreement and the Contractor is insisting that its proposal shall prevail. If Governorate Representative’s view is that the proposed action would result in serious permanent damage to that field or reservoir or materially reduced recovery of Petroleum over the life of the field or reservoir then the matter will be referred to an internationally recognised independent expert appointed by the Parties (and in case of failing to appoint such expert within fifteen (15) days then as appointed by the United Kingdom Petroleum Institution Chairman), whose decision on accepted international Petroleum Industry practice shall be final and binding. The costs of the expert shall be met by the Parties equally and shall be recoverable as Costs and Expenses.

6.8 A matter, which requires urgent handling, may be decided by the Co-ordination Committee without convening a meeting, with the Co-ordination Committee making decisions through telexes or the circulation of documents.

6.9 The Co-ordination Committee shall nominate a Secretary, to record minutes of the meetings of the Co-ordination Committee, and may establish technical and
other advisory sub-committees. The Secretary shall take a record of each proposal voted on and the results of such vote at each meeting of the Co-ordination Committee. Each representative of the Parties shall sign and be provided with a copy of such record at the end of such meeting. The Secretary shall provide each Party with a copy of the minutes of each meeting of the Co-ordination Committee within fifteen (15) days after the end of such meeting. Each Party shall thereafter have a period of fifteen (15) days to give notice of any objections to the minutes to the Secretary. Failure to give notice within the said fifteen (15) day period shall be deemed approval of those minutes. In any event the record of proposals voted on to be provided at the end of each meeting shall be conclusive and take precedence over the minutes.

6.10 All costs and expenses incurred with respect to the activities of the Co-ordination Committee shall be paid or reimbursed by the Contractor and charged to Operation Expenses in accordance with the Accounting Procedure.

**ARTICLE 7**

**OPERATOR RESPONSIBILITY**

7.1 The Parties agree that the Operator shall act as the Operator for Petroleum Operations within the Agreement Area in accordance with approved Work Programs and Budgets unless otherwise stipulated in this Article 7.

7.2 The Operator shall have the following obligations:

a) to perform the Petroleum Operations reasonably, economically and efficiently in accordance with directions received from the Co-ordination Committee. It is recognised that the Co-ordination Committee through the Operator will have operating control of all Petroleum Operations, including the right to authorise the appointment of the General Director and Deputy Director or the Directors;

b) to conduct (implement) the Work Programs and Budgets approved by the Co-ordination Committee;

c) to be responsible for purchasing facilities, equipment and miscellaneous material and enter into subcontracts and service contracts at Contractor’s instruction with service providers and vendors related to the Petroleum Operations, in accordance with approved Work Programs and Budgets and instructions from Contractor;

d) to prepare and submit for approval a personnel training program and its annual budget and carry out the same as approved by the Co-ordination Committee;

e) to establish and maintain complete and accurate accounting records regarding its costs and expenditures for the Petroleum Operations in accordance with the Accounting Procedure and this Agreement;
f) to make necessary preparation for regular meetings of the Co-
ordination Committee, and to submit to the Co-ordination Committee
information related to the matters reviewed and approved by the Co-
ordination Committee;

g) to assist Contractor and Governorate as requested in the provision of
reports to the Co-ordination Committee on Petroleum Operations
conducted under this Agreement.

7.3 Operator and its shareholders shall not be responsible for any activities
(including Petroleum activities) affecting the Agreement Area prior to the
Effective Date.

7.4 The Operator shall provide both Parties with copies of all relevant data and
reports pertaining to Petroleum Operations (including but not limited to
géophysical, geological, technological, operational, accounting or other
material) required by such Parties.

7.5 The Parties agree to use their best endeavours to agree and execute a Joint
Operating Agreement should the Parties consider it necessary after
appointment of an Operator other than the Contractor. Any Joint Operating
Agreement to be entered into shall be based on the Association of
International Petroleum Negotiators Model International Joint Operating
Agreement then current and shall be subject to, wholly consistent with and
shall not detract from the provisions of this Agreement.

ARTICLE 8

PROCEDURE FOR DETERMINATION OF COMMERCIALITY AND
APPROVAL OF DEVELOPMENT PLANS

8.1 If, at any time Contractor concludes that Commercial Production (or
significant additional Commercial Production if Commercial Production has
previously been established) from the Agreement Area is feasible, it shall
notify the Northern Iraq Administration within forty-five (45) days of reaching
such a conclusion.

8.2 Within forty-five (45) days of receipt of such notice, Contractor shall in the
first instance present to the Co-ordination Committee for approval a proposed
Study Program which shall be deemed approved if no written objections are
raised by any member of the Co-ordination Committee within thirty (30) days
following receipt thereof. The proposed Study Program shall specify in
reasonable detail the appraisal work including seismic, drilling of wells and
studies to be carried out and the estimated time frame within which the
Contractor shall commence and complete the program and also appropriate
budgets.
8.3 Thereafter the Contractor shall carry out the Study Program approved by the Co-ordination Committee. Within ninety (90) days after completion of such Study Program, the Contractor shall submit to the Co-ordination Committee a comprehensive evaluation report on the Study Program. Such evaluation report shall include, but not be limited to: geological conditions, such as structural configuration; physical properties and extent of reservoir rocks; pressure, volume and temperature analysis of the reservoir fluid; fluid characteristics, including gravity of liquid hydrocarbons, sulphur percentage, sediment and water percentage, and product yield pattern; Natural Gas composition; production forecasts (per well and per Field); and estimates of recoverable reserves.

8.4 Together with the submission of the evaluation report, the Contractor shall submit to the Co-ordination Committee a written declaration including one of the following statements:

a) that the Commercial Production previously notified to the Northern Iraq Administration pursuant to Article 8.1 is feasible;

b) that such Commercial Production is not feasible (contrary to the notice containing Contractor’s initial expectations); or

c) that Commercial Production will be conditional on the outcome of further specified work that the Contractor commits to carry out under a further Exploration or Study Program in specified areas within or outside the relevant Study Area.

8.5 In the event the Contractor makes a declaration under Article 8.4(c) above, Contractor shall be entitled to retain the relevant Study Area pending the completion of the further work committed under that Article, at which time the Contractor shall advise the Co-ordination Committee of its conclusion as to whether or not there is in fact a new Commercial Discovery and the provisions of Article 8.4(a) or (b) shall be applied accordingly.

8.6 If the Contractor declares pursuant to Article 8.4(a) that Commercial Production is feasible, the Contractor shall submit to the Co-ordination Committee (a) a proposed Development Plan in respect of the relevant Commercial Discovery (containing the matters specified in Article 8.7 and 8.8) and (b) a proposed designation of the Development Area, both of which shall be subject to the Co-ordination Committee’s approval. Such approval will not be unreasonably withheld or delayed, provided that each shall be deemed approved as submitted if no written objections are presented thereto by any member of the Co-ordination Committee within forty-five (45) days of receipt. Upon approval being granted or deemed as provided under this Article 8.6, the Contractor, with any requested assistance from the Operator, shall proceed promptly and diligently to implement the Development Plan in accordance with good international Petroleum industry practices, to install all necessary facilities and to commence Commercial Production.
8.7 The Contractor's proposed Development Plan to be submitted pursuant to Article 8.6 shall detail the Contractor's proposals for Development and operation of the Development Area. It will detail any facilities and infrastructure, which may be required up to the Measurement Point, either inside or outside of the Development Area. Any Development Plan shall set forth production parameters, number and spacing of wells, the facilities and infrastructure (including proposed locations) to be installed for production, storage, transportation and loading of Petroleum, an estimate of the overall cost of the Development, and estimates of the time required to complete each phase of the Development Plan, a production forecast and any other factor that would affect the economic or technical feasibility of the proposed Development.

8.8 Any Development Plan shall also include an abandonment and site restoration program together with a funding procedure for such program. Each abandonment plan shall describe removal and abandonment measures deemed necessary following completion of Production from the relevant Development Area together with an estimate of the costs thereof. The abandonment plan shall provide for the removal of facilities and equipment used in Petroleum Operations or their in place abandonment, if appropriate, in the Development Area and the return of used areas to a condition that reasonably permits the use of such areas for purposes similar to those uses existing prior to the commencement of Petroleum Operations hereunder. All expenditures incurred in abandonment and site restoration shall be treated as Costs and Expenses and recoverable from Cost Recovery Petroleum in accordance with Article 10 and the Accounting Procedure. All funds collected pursuant to the funding procedure shall be dedicated to site restoration and abandonment and will be placed in a special interest bearing account by Contractor, which shall be held in the joint names of the Governorate and the Contractor or their nominees. Contractor's responsibilities for environmental degradation, site restoration and well abandonment obligations, and any other actual, contingent, possible and potential activity associated with the environmental condition of the Development Area shall be limited to the obligation to place the funds agreed to be paid in accordance with the said funding procedure in the approved account in accordance with generally accepted international Petroleum industry practice. Deposits in approved accounts shall be made on a quarterly basis in arrears commencing with the first Calendar Quarter in which there is Available Petroleum. All such payments deposited by Contractor shall be treated as Costs and Expenses and recoverable as Operation Expenses from Cost Recovery Petroleum in accordance with Article 10 of this Agreement. No Taxes shall be imposed on any amounts paid into, received or earned by or held in the special interest bearing account. The Governorate shall be solely responsible for the implementation of the abandonment plan.

8.9 Any significant changes to an approved Development Plan or proposals related to extension of a Field or for enhanced recovery projects shall be submitted to the Co-ordination Committee.
8.10 Subject to the terms of this Agreement the Contractor shall carry out, at its own expense and financial risk, all the necessary Petroleum Operations to implement an approved Development Plan. However, if, the Contractor in its sole discretion determines exploitation turns out not to be commercially profitable, the Contractor shall not be obligated to continue Development or Production and will in such circumstances submit a revised development plan that is commercially profitable to the Co-ordination Committee or relinquish the Development Area.

8.11 Where there is a perceived need recognised by the Parties to improve the economic effectiveness of the Petroleum Operations by constructing and operating certain common facilities with other organisations (including for example roads, non-import/non-export pipelines, compression and pumping stations and communication lines) the Parties shall use their best efforts to reach agreement between themselves and other appropriate enterprises as to the construction and operation of such facilities with all costs, tariffs and investments made by the Contractor to be recoverable as Operation Expenses in accordance with Article 10 of the Agreement and Accounting Procedure.

ARTICLE 9

ANNUAL WORK PROGRAMS AND BUDGETS

9.1 Contractor shall be responsible for the procurement of installations, equipment and supplies and entering into contracts for the purchase of goods and services with Sub Contractors including Foreign Sub Contractors and others arising out of Petroleum Operations, all in accordance with approved Work Programs and Budgets. Operator shall assist the Contractor when requested in respect of the matters set out in the previous sentence, and shall implement domestic procurement operations as provided in Clause 7.2.(e) in accordance with approved Work Programs and Budgets.

9.2 Contractor shall submit to the Co-ordination Committee a minimum Work Program for the year 2002 and the corresponding Budget within thirty (30) days following the Effective Date of the Agreement.

9.3 Before the 31st October of each Calendar Year, the Contractor shall prepare and submit to the Co-ordination Committee for its review a proposed annual Work Program and Budget for the next Calendar Year. If the Co-ordination Committee agrees to modifications in an annual Work Program and/or Budget, the Contractor shall promptly make such modifications to the Work Program and/or Budget and resubmit the modified Work Program and Budget to the Co-ordination Committee. The Co-ordination Committee shall approve each Work Program and Budget within forty five (45) days after receipt of it. If the Co-ordination Committee fails to notify the Contractor of its approval or disapproval of the Work Program and Budget within said forty-five (45) days after its receipt, the annual Work Program and Budget proposed by the Contractor together with any modifications timely requested by the Co-
ordination Committee, shall be deemed to have been approved by the Co-
ordination Committee.

9.4 In connection with the review and approval of the annual Work Program and Budget, the Contractor and Operator shall submit to the Co-ordination Committee such supporting data as reasonably requested by the Co-ordination Committee.

9.5 The Contractor may, in accordance with the following provisions, incur expenditures in excess of the approved Budget or expenditures outside the approved Budget in carrying out the approved Work Program, provided that the objectives in the approved Work Program are not substantially changed:

a) In carrying out an approved Budget, the Contractor may, if necessary, incur excess expenditures of no more than ten percent (10%) of the approved Budget in any specified budgetary category. The Contractor shall report quarterly the aggregate amount of all such excess expenditures to the Co-ordination Committee for confirmation.

b) For the efficient and as required operative performance of Petroleum Operations, the Contractor may, without approval, undertake certain individual projects which are not included in the Work Program and Budget, for a maximum expenditure of One Hundred Thousand U.S.$ (U.S.$100,000), but shall, within ten (10) days after such expenditures are incurred, report to the Co-ordination Committee for confirmation.

c) Excess expenditures under this Article 9.5 shall not exceed five percent (5%) of the approved or modified total annual Budget for the Calendar Year. If the aforesaid excess is expected to be in excess of said five percent (5%) of the total annual Budget, the Contractor shall present its reasons therefor to the Co-ordination Committee and obtain its approval prior to incurring such expenditures.

9.6 In case of emergency (as in where there is an immediate threat to life or property), the Contractor may incur emergency expenditures for the amount actually needed but shall report such expenditures to the Co-ordination Committee as soon as they are made. The said emergency expenditures shall not be subject to Article 9.5 above.

9.7 Petroleum Operations will only be performed in accordance with the approved or modified annual Work Program and Budget, otherwise they will not be deemed to be Costs and Expenses and will not be treated as Cost Recoverable.
ARTICLE 10
ALLOCATE OF PRODUCTION, RECOVERY OF COSTS AND
EXPENSES, PRODUCTION SHARING, AND RIGHT OF EXPORT

10.1 Contractor shall provide or procure the provision of all funds required to
cconduct Petroleum Operations under this Agreement, except as otherwise
provided in this Agreement, and Contractor shall be entitled to recover its
Costs and Expenses from Petroleum produced from the Agreement Area as
provided below.

10.2 Contractor and/or Operator shall have the right to use free of charge Petroleum
excluding the Reserved Crude Oil produced from the Agreement Area to the
extent required for Petroleum Operations under the Agreement. The amount
of Petroleum which Contractor and/or Operator shall be entitled to use for
Petroleum Operations shall not exceed the amount, which would be expected
to be used in accordance with international Petroleum industry practice. For
the avoidance of doubt, the use of such Petroleum shall only be for the benefit
of Petroleum Operations and not the personal gain of any Party. An
appropriate paper shall also be executed for the use of such Petroleum.

10.3 Available Crude Oil and Available Natural Gas (hereinafter referred to
collectively as “Available Petroleum”) after reducing the Reserved Crude Oil
shall be measured at the applicable Measurement Point and allocated as set
forth hereinafter.

10.4. Contractor shall be entitled to recover all Costs and Expenses incurred in
respect of Petroleum Operations in a following manner:

a) Operations Expenses will firstly be recovered from the Available
Petroleum;

b) Capital Expenditures will be recovered from remaining Available
Petroleum (hereinafter referred to as “Cost Recovery Crude Oil” and
“Cost Recovery Natural Gas” and collectively “Cost Recovery
Petroleum” as appropriate) following the recovery of Operations Costs
in the percentages as defined below:

(i) During the phase where Available Petroleum can not be
exported but only sold in the local market in the Northern Iraq
Administration, such phase as determined by the Co-ordination
Committee ninety percent (90%); and

(ii) During the phase where Available Petroleum can be exported
to other markets, such phase as determined by the Co-
ordination Committee, eighty percent (80%) on the exported
amount of the Available Petroleum will be allocated to the
Contractor as Cost Recovery Petroleum.
Costs and Expenses shall be recovered in a manner consistent with the Accounting Procedure and Article 10.5.

10.5 Costs and Expenses shall be recoverable from Cost Recovery Petroleum on a first in, first out basis (i.e. Costs and Expenses will be recovered according to the date they were incurred, earliest first). Recovery of Costs and Expenses will commence as soon as Cost Recovery Petroleum is available.

10.6 To the extent that in a Calendar Year outstanding recoverable Costs and Expenses related to the Agreement Area exceed the value of all Cost Recovery Crude Oil or Cost Recovery Natural Gas from the Agreement Area for such Calendar Year, the excess shall be carried forward for recovery in the next succeeding Calendar Years until fully recovered, but in no case after termination of the Agreement.

10.7 Recovery of Costs and Expenses shall be achieved by transferring to a Party at the Measurement Point title to quantities of Cost Recovery Petroleum of equivalent value (determined in accordance with Article 11) to the Costs and Expenses to be recovered in accordance with this Article 10.

10.8 To the extent that the value of Cost Recovery Petroleum received by the Contractor from the Agreement Area during a Calendar Quarter is greater or lesser than the Contractor was entitled to receive for that Calendar Quarter, an appropriate adjustment shall be made in accordance with the Accounting Procedure.

10.9 Following recovery of Costs and Expenses from Cost Recovery Petroleum in accordance with the provisions of this Article 10, the remaining Petroleum including any portion of Cost Recovery Petroleum not required for recovery of Costs and Expenses (hereinafter referred to as “Profit Oil” or “Profit Natural Gas” and collectively “Profit Petroleum”) shall be allocated between the Parties in the following proportions, over each Calendar Year:

The Profit Petroleum will be shared between:

Governorate’s Share - fifty one percent (51%)
Contractor’s Share - forty nine percent (49%)

10.10 Contractor shall prepare and provide the Governorate not less than ninety (90) days prior to the beginning of each Calendar Quarter a written forecast setting out the total quantity of Petroleum that Contractor estimates can be produced and saved hereunder during each of the next four (4) Calendar Quarters in accordance with Accepted international Petroleum industry practices and the Work Program established in accordance with Article 9.

10.11 Crude Oil shall be measured at the Measurement Point for purposes of the Agreement and delivered to the Governorate and Contractor and each such Party as owners shall take in kind, assume risk of loss and separately dispose of their respective entitlements of Cost Recovery Oil and Profit Oil. All Cost Recovery Natural Gas and Profit Natural Gas shall be sold by the Contractor
in accordance with Article 15 of this Agreement. The Northern Iraq Administration may agree that All Cost Recovery Oil and Profit Oil shall be sold by the Contractor within the same principles as indicated in Article 15.

10.12. For the avoidance of any doubt, title to their relevant shares of Petroleum shall pass Governorate to the Parties as appropriate at the Measurement Point.

10.13 The Parties shall agree on procedures for taking volumes of Crude Oil corresponding to their respective entitlements on a regular basis and in a manner that is appropriate having regard to the respective destinations and uses of the Crude Oil, all in accordance with the provisions of this Agreement. If necessary the Parties will enter into a lifting agreement setting out the agreed procedures for taking volumes of Crude Oil, and such agreement shall comply with the principles of accepted international Petroleum industry practice.

10.14 The Governorate shall have the right to receive the Reserved Crude Oil in kind at the well head and freely dispose the same. All costs incurred by the Governorate starting from the well head will be borne by the Governorate.

ARTICLE 11

CRUDE OIL VALUATION

11.1 Parties agree that the value of Cost Recovery Petroleum should reflect the actual price received by the Contractor for the said Petroleum. Given that the Contractor can demonstrate that Petroleum is being sold to an independent third party on an arms length basis, then the Cost Recovery Crude Oil shall be valued as the actual revenues received by the Contractor for sales of Crude Oil at the Measurement Point (adjusted if necessary for transportation, storage and processing costs). If however such an independent third party sale cannot be demonstrated, or at the discretion of the Contractor, then the Parties agree that the value of the Cost Recovery Crude Oil, if sold on International Markets, shall be adjusted to the international market price for Crude Oil from time to time. In this case, for the purpose of determining the value of the Cost Recovery Petroleum taken and disposed of by the Parties and/or their assignees under this Agreement during each Calendar Quarter, The Parties shall, prior to the date of Commercial Production, agree upon the basket of Crude Oil freely traded in international markets and referred to in subparagraph a) below and the value of the Cost Recovery Petroleum shall be adjusted to reflect the weighted average of daily f.o.b. prices for Agreement term of sales from Petroleum producing countries in international markets for the same Calendar Quarter of such basket of crude oil, it being understood that the following principles will apply:

a) The weighted average of the basket shall be such that the average gravity of the basket and the average gravity of the Crude Oil produced under this Agreement are equal; and
b) The prices for individual referenced crude oil markers used within the basket shall be based upon the numerical average of a daily report of the actual price for each referenced crude oil marker as published in agreed internationally recognised publications; and

c) Adjustment provisions will be incorporated into the basket formula to take account of transportation costs involved in Crude Oil produced under this Agreement arriving at a designated sales point (where the sales point is not the Measurement Point) and to take account of gravity variation beyond a pre-agreed range; and

d) Unless agreed otherwise, the last calculated weighted average basket price shall serve as the provisional price for a Calendar Quarter until a new price is determined.

11.2. In the event that the Parties are unable to agree upon the basket of Crude Oil envisaged in Article 11.1 above, or the principles relating thereto, then either of the Parties may refer the question for a final, non-revisable determination by an independent expert designated by the UK Institute of Petroleum. Pending such determination, the price shall be as determined in Article 11.1(d) above.

11.3. Natural Gas shall be valued at the actual revenues received less transportation, storage, treatment, processing, marketing, distribution, liquefaction and all other associated costs incurred by Contractor beyond the Measurement Point in supplying Natural Gas to customers beyond the Measurement Point.

11.4. The provision in Article 11.1, 11.2 and 11.3 will also be applicable in case the Governorate decides that the Contractor will sell its Profit Oil or Profit Natural Gas for the actual payment to be paid by the Contractor.

11.5. The daily average of the Crude Oil produced between January 1, 2002 and the Signing Date will be the base line for the determination of the daily production. The Reserved Crude Oil will be calculated by reducing 15% (fifteen percent) from such average daily production, for the operation and lifting costs of the Reserved Crude Oil.

ARTICLE 12

ANCILLARY RIGHTS OF THE CONTRACTOR AND OPERATOR

12.1 In addition to the rights to carry out Petroleum Operations within the Agreement Area the Governorate shall provide or otherwise procure access to Contractor to all existing facilities and infrastructure in the Agreement Area owned by the Northern Iraq Administration for the purpose of carrying out its Petroleum Operations during the term of the Agreement. Such access shall be on terms as regards access and tariffs no less favourable than those offered to other persons or entities, in addition, in any case within the Petroleum Law. The Contractor will reimburse the value determined, for the supporting facilities utilized by the operation personnel (excluding Petroleum Production
facilities), decided to be used by the Contractor. Such determination will be made within two (2) months following the Transfer of the Operations, by the Co-ordination Committee and the reimbursement to be made within one (1) year in equal instalments.

12.2 Provided that, the Governorate are submitted information below, the Contractor shall have the right to use, produce, reprocess and export all existing geoscience, engineering, environmental and geodetic data (including magnetic tapes and films) maps, surveys, reports, and studies it deems necessary to carry out Petroleum Operations hereunder including, but not limited to: magnetic surveys, seismic surveys, well logs and analysis, core analysis, well files, geologic and geophysical maps and reports, reservoir studies, reserve calculations, accurate geodetic co-ordinates for the location of all wells and seismic lines and all other pertinent data relative to the Agreement Area, which are owned by the Governorate. In the event that any information is to be sold on confidential basis to any third party by the Parties (consent on which is required from the Parties) profit shall be distributed in accordance with the share of Profit Oil under the Article 10.

12.3 The Contractor shall have the right to conduct all geoscience, engineering, environmental and geodetic studies it deems necessary to carry out Petroleum Operations under the Work Program. Said studies may include, but are not limited to: seismic surveys, magnetic surveys, global positioning surveys, aerial photography (obtaining relevant permits), collection of soil/water/oil/rock samples for scientific and environmental studies. Contractor shall be granted access to and/or permission to fly subject to obtaining appropriate consents (which will not be unreasonably withheld or delayed) over the Agreement Area to conduct said studies. Contractor shall have the right to import equipment and supplies necessary to conduct said studies as well as the right to export data, film and samples to laboratories outside the Northern Iraq Administration to conduct such studies.

12.4 Subject to (i) prior approval by the Co-ordination Committee; and (ii) prior consent and/or permit with any necessary local administration or government or Governorate body and relevant landowners, the Contractor and/or Operator shall have the right to clear the land, to dig, pierce, drill, construct, erect, locate, supply, operate, manage and maintain pits, tanks, wells, trenches, excavations, dams, canals, water pipes, factories, reservoirs, basins, maritime storage facilities and such, primary distillation units, separating units for first oil extraction, sulphur factories and other Petroleum producing installations, as well as pipelines, pumping stations, generator units, power plants, high voltage lines, telephone, telegraph, radio and other means of communication (including satellite communication systems), plants, warehouses, offices, shelters, personnel housing, hospitals, schools, premises, underwater piers and other installations, means of transportation, roads, bridges, and other means of transportation, garages, hangers, workshops, maintenance and repair shops and all the auxiliary services which are necessary or useful to Petroleum Operations or related to them and, more generally, everything that is or could become necessary or accessory to carry out the Petroleum Operations but for the avoidance of any doubt in accordance with the Current Legislation.
12.5 The agents, employees and personnel of both Contractor and Operator, or Subcontractors may enter or leave the Agreement Area and have free access, within the scope of their functions, to all installations put in place by the Contractor or Operator or otherwise utilised in Petroleum Operations.

12.6 Subject to prior consent of any appropriate local governmental bodies and the relevant landowners the Contractor shall have the right to utilise the upper soil, mature timber, clay, sand, lime, gypsum and stones other than precious stones, and any other similar substances, necessary for the performance of Petroleum Operations only in accordance with the Current Legislation. The Contractor may utilise the water necessary for Petroleum Operations, on condition that reasonable efforts are taken to minimise potentially adverse effects on irrigation and navigation, and that land, houses and the watering places are not adversely affected.

12.7 The Contractor shall have the right to use existing pipeline and terminal facilities belonging to or under the control of the Northern Iraq Administration. The Governorate shall assist in making these facilities available to the Contractor on terms with regard to access and tariffs that are no less favourable than those made available to others.

ARTICLE 13
ASSISTANCE PROVIDED BY THE GOVERNORATE

13.1 To enable the Contractor to properly carry out the Petroleum Operations, the Governorate shall have the obligation to assist the Contractor upon request to:

a) provide the approvals or permits needed to conduct Petroleum Operations and to carry out associated business activities and to open local and foreign bank accounts (for both local and foreign currency) in Northern Iraq Administration;

b) arrange for Foreign Exchange to be converted in accordance with the principles set out in Article 18.9 of this Agreement;

c) use office space, office supplies, transportation and communication facilities and make arrangements for accommodations as required;

d) assist with any custom formalities;

e) provide entry and exit visas and work permits for employees and their family members of Operator, Contractor, their Affiliated companies and Foreign Subcontractors, who are not citizens of Northern Iraq Administration and who come to Northern Iraq Administration to implement the Agreement and to provide assistance for their transportation, travel and medical facilities whilst in Northern Iraq Administration;
f) provide necessary permits to send abroad documents, data and samples for analysis or processing during the Petroleum Operations;

g) contact and instruct appropriate departments and ministries of the Northern Iraq Administration and any other bodies controlled by the Northern Iraq Administration to do all things necessary to expedite Petroleum Operations;

h) provide permits, approvals, and land usage rights requested by Contractor and/or Operator for the construction of bases, facilities and installations for use in conducting Petroleum Operations; and

i) provide to the Contractor data and samples if such data and samples exist concerning the Agreement Area other than those produced as a result of Petroleum Operations.

ARTICLE 14
MEASUREMENT, QUALITY AND VALUATION OF PETROLEUM

14.1 All Petroleum produced, saved and not used in the Petroleum Operations in accordance with Article 10.2 shall be measured at the Measurement Point approved in the Development Plan.

14.2. The Measurement Point shall be the very final facility among all facilities the cost of, which is included as a Cost, and Expense recoverable from Cost Recovery Petroleum under the Agreement.

14.3. All Petroleum shall be measured in accordance with standards generally acceptable in the international Petroleum industry. All measurement equipment shall be installed, maintained and operated by the Operator. The installed measurement equipment will have certificates of standards of international organisation. The Parties shall be entitled periodically to inspect the measuring equipment installed and all charts and other measurement or test data at all reasonable times. The accuracy of measuring equipment shall be verified by tests at regular intervals and upon request by either party, the Parties, using means and methods generally accepted in the international Petroleum industry.

14.4 Should a meter malfunction occur, Operator shall immediately have the meter repaired, adjusted and corrected and following such repairs, adjustment or correction shall have it tested or calibrated to establish its accuracy. Upon the discovery of metering error, Operator shall have the meter tested immediately and shall take the necessary steps to correct any error that may be discovered and after each case approval of the Governorate on using the meter is necessary.
14.5 In the event a measuring error is discovered, the Parties shall use all reasonable efforts to determine the correct production figures for the period during which there was a measuring error and correct previously used readings. Contractor shall submit to the Co-ordination Committee a report on the corrections carried out. In determining the correction, Contractor shall use, where required, the information from other measurements made inside or outside the Development Area. If it proves impossible to determine when the measuring error first occurred, the commencement of the error shall be deemed to be the point in time halfway between the date of the previous test and the date on which the existence of the measuring error was first discovered.

14.6 All measurements for all purposes in this Agreement shall be adjusted to standard conditions of pressure at sea level and temperature at sixty degrees Fahrenheit (60°F).

ARTICLE 15
NATURAL GAS

15.1 Associated Natural Gas

a) Associated Natural Gas produced within the Agreement Area shall be used primarily for purposes related to the Production Operations and production enhancement including, without limitation, oil treating, gas injection, gas lifting and power generation.

b) Based on the principle of full utilisation of the Associated Natural Gas and with no impediment to normal production of the Crude Oil, any Development Plan shall include a plan of utilisation of Associated Natural Gas. If there is any excess Associated Natural Gas remaining in any Oil Field after utilisation pursuant to Article 15.1.a) above (hereafter referred to as “Excess Associated Natural Gas”), the Contractor shall carry out a feasibility study regarding the commercial utilisation of such Excess Associated Natural Gas.

i) If the Parties agree that Excess Associated Natural Gas has no commercial value, then Operator shall act under the plan approved by Co-ordination Committee, so that not to interfere with normal oil production. Besides, in order to avoid any doubt, both the plan and the Operator’s activities under the plan shall exclude pollution and correspond to relevant standards effective in Current Legislation

ii) If the Parties agree that Excess Associated Natural Gas has commercial value, they will endeavour to enter into gas sales agreement(s) and/or other commercial and/or technical arrangements with Third Parties required to develop such Natural Gas. Investments in the facilities necessary for
production, transportation and delivery of Excess Associated Natural Gas shall be made by the Contractor. The construction of facilities for such Production and utilisation of the Excess Associated Natural Gas shall be carried out at the same time as the Development Operations, or at any time as may be agreed to by the Parties.

If either Party considers that Excess Associated Natural Gas has commercial value while the other considers that Excess Associated Natural Gas has no commercial value, the one who considers Excess Associated Natural Gas to have commercial value may utilise such Excess Associated Natural Gas, at its own cost and expense and without impeding the Production of Crude Oil and without affecting the shares of Crude Oil and Natural Gas otherwise to be allocated under the other provisions of this Agreement, but if such Excess Associated Natural Gas is not so utilised at any time or from time to time, then such Excess Associated Natural Gas shall be disposed of by the Operator in accordance with Article 15.1 b) i).

c) The price of Associated Natural Gas produced from the Agreement Area shall be determined by the Parties based on general pricing principles taking into consideration such factors as sales prices of internationally transported gas delivered in Western Europe, quality and quantity of the Associated Natural Gas (including the equivalent substitute energy value) and the economics of Development. Unless otherwise agreed, the Parties shall participate in all gas sales agreements entered into for the sale of Associated Natural Gas produced from the Agreement Area in proportion to their Article 10 allocation rights. Gas sales prices shall be denominated in U.S.$.

d) Investments made in conjunction with the utilisation of both Associated Natural Gas and Excess Associated Natural Gas, together with investments incurred after approval of a Development Plan in carrying out feasibility studies on the utilisation of Excess Associated Natural Gas, shall be charged to Operation Expenses.

15.2 Non-associated Natural Gas

When any Non-associated Natural Gas is discovered within the Agreement Area, the Parties shall implement a new agreement regarding the Appraisal and possible development and marketing of the Non-associated Natural Gas in the domestic and international markets. If the Parties cannot reach a new agreement within six (6) months or any period mutually agreed upon; the Governorate will own and will or cause to appraise, develop or produce such Non-associated Natural Gas. Governorate will take all necessary measures to avoid any effect, which may hamper the Petroleum Operations of the Contractor while producing Crude Oil.
ARTICLE 16
TAX/FISCAL REGIME

16.1 This Article shall apply to each Contractor Party individually.

16.2 Subject to Current Legislation each Contractor Party, Foreign Employee and Operator shall be entitled to full and complete exemption from all Taxes prior to or after the Effective Date of this Agreement except as otherwise provided for in this Agreement.

16.3 It is acknowledged that Double Tax Treaties will have effect to give relief from Taxes to, but not limited to, Contractor, Contractor Parties, Foreign Subcontractors and Foreign Employees in accordance with the provisions of such Double Tax Treaties, but not otherwise.

16.4 The Governorate, its successors or assignees will assume, pay and discharge, in the name and on behalf of each Contractor Party, that Contractor Party’s All Tax liabilities during the term of the Agreement in case the Contractors’ Tax Exemption is not covering any taxes. The Governorate will assume all Taxes to be levied on the calculation of the local sales of the crude oil and/or petroleum products price at the entrance of the local refinery or following the refining process.

16.5 The obligation to assume, pay and discharge each Contractor Party’s payment set out above by Governorate in accordance with the provisions of Article 16.4 shall fulfill the entire tax liability of each Contractor Party, except for the VAT on local sales and taxes established on salaries of hired physical persons by law, taking into account that no social taxes apply to foreign physical persons by law.

16.6 Each Contractor Party shall maintain its tax books and records both in local currency and in U.S.$.

16.7 The Profit Tax return for each Contractor Party shall be prepared and submitted as follows:

i. Each Contractor Party shall prepare a Profit Tax return in local currency and in U.S.$ for each Calendar Year and submit it to Governorate by 15 April following the Calendar Year, so that Governorate can submit a Contractor Party’s Profit Tax return to the relevant Tax authority within terms established by the Law.

ii. The Profit Tax return shall be prepared based on Contractor books and accounts of Petroleum Operations as described in Article 17 of this Agreement which Contractor is required to maintain in local currency.
and in U.S.$ in accordance with the Accounting Procedure attached hereto as Annex B.

16.8 Governorate shall furnish to each Contractor Party the proper official receipts that evidence official payment that Contractor Party’s Tax liability for a Calendar Year by 30 April following the Calendar Year.

16.9. Governorate shall not credit, directly or indirectly, Contractor Parties’ Tax payments against any other payments required to be paid to the Government or the treasury.

16.10 Governorate shall assume, pay and discharge any penalties, interest, fines or similar levies for late payment of a Contractor Party’s Tax liabilities in respect of any Calendar Year.

16.11 Employees of the Contractor, Contractor Parties, their Affiliates and Subcontractors, and those employees assigned by Contractor to Operator who are not citizens of Northern Iraq Administration or Iraq (“Foreign Employees”) shall be not liable to Northern Iraq Administration personal income tax imposed by the Northern Iraq Administration in accordance with the Tax Code. Such Taxes if applicable will be paid by the Governorate on behalf of the Foreign Employees. A Foreign Employee will continue to be subject to the provisions of any applicable Double Tax Treaty.

16.12 Foreign Employees who perform work in Northern Iraq Administration and their employers that would otherwise be covered by and subject to social insurance, pension fund contributions and similar payments under the social security system of Northern Iraq Administration will be exempt from those payments.

16.13 The only Taxes, duties, fees or other charges to be levied by the Northern Iraq Administration or by any other Governmental entity on a Foreign Subcontractor in connection with Petroleum Operations pursuant to this Agreement shall be a tax to be withheld by any person or other legal entity making revenue payments to a Foreign Subcontractor in the currency in which the payment is made (the “Withholding Tax”).

16.14 VAT shall be imposed as follows:

a) Goods, works and services supplied directly or indirectly to or by a Contractor Party or its Affiliates, Operator or a Foreign Subcontractor for the purpose of Petroleum Operations shall be exempt from VAT.

b) Import and re-export of goods for personal use by Foreign Employees and family members will not be subject to VAT according to Current Legislation.
c) Exports of Petroleum by each Contractor Party or its agents shall be exempt from VAT with credit (zero per cent rate).

d) All re-exports by a Contractor Party or its Affiliates, Subcontractors or their agents of goods, works and services supplied for the purposes of Petroleum Operations including but not limited to re-export of goods temporarily imported into Northern Iraq Administration for the purposes of Petroleum Operations shall be exempt from VAT with credit (zero per cent rate).

ARTICLE 17
ACCOUNTING, FINANCIAL REPORTING AND AUDIT

17.1 Contractor shall maintain books and accounts of Petroleum Operations in accordance with the Accounting Procedure attached hereto as Annex B. These shall be maintained in local currency of Northern Iraq Administration and in U.S.$ in accordance with generally accepted international Petroleum industry accounting principles. All books and accounts, which are made available to the authorities in accordance with the provisions of the Accounting Procedure, shall be prepared in English languages.

17.2. The Accounting Procedure specifies the procedure to be used to verify and establish promptly and finally Contractor's Costs and Expenses under Article 10 of this Agreement.

17.3 Sales revenues, expenditures, financial results, tax liabilities, and loss carry-forwards of each Contractor Party shall be determined in accordance with the rules, rights, and obligations set forth in this Agreement in so far as such sales revenues, expenditures, financial results, tax liabilities, and loss carry-forwards are related to Petroleum Operations under this Agreement.

17.4. On annual basis Contractor shall submit to the Governmental agency an internationally recognised audit's report on Costs and Expenses incurred, that under Article 10 should be compensated by Cost Recovery Petroleum, the report shall also include profit calculation pursuant to provisions of Article 16 of this Agreement. Governorate shall have the right to audit the books and accounts maintained by Contractor.

ARTICLE 18
CURRENCY, PAYMENTS AND EXCHANGE CONTROL

18.1 Contractor and each Contractor Party, and their Affiliates, Subcontractors and Operator shall have the right to open, maintain, and operate Foreign Exchange bank accounts both in and outside of Northern Iraq Administration and local currency bank accounts inside Northern Iraq Administration. Such operations performed in Northern Iraq Administration will comply with Current Legislation.
18.2 Contractor and each Contractor Party, and their Affiliates shall have the right to transfer all funds received in and converted to Foreign Exchange in Northern Iraq Administration without payment of Taxes, fees, duties or imposts to bank accounts outside Northern Iraq Administration in accordance with the Current Legislation.

18.3 Contractor and each Contractor Party, and their Affiliates and Foreign Subcontractors shall have the right to hold, receive and retain outside Northern Iraq Administration and freely use all funds received and derived from Petroleum Operations by them outside Northern Iraq Administration without any obligation to repatriate or return the funds to Northern Iraq Administration, including but not limited to all payments received from export sales of Contractor Parties' share of Petroleum and any sales proceeds from an assignment of their interest in this Agreement.

18.4 Contractor and each Contractor Party, and their Affiliates, Foreign Subcontractors and Operator have the right to import into Northern Iraq Administration funds required for Petroleum Operations under this Agreement in Foreign Exchange.

18.5 Contractor and each Contractor Party, and their Affiliates and Foreign Subcontractors shall have the right to pay outside Northern Iraq Administration for goods, works and services of whatever nature in connection with the conduct of Petroleum Operations under this Agreement without having first to transfer to Northern Iraq Administration the funds for such payments.

18.6 Whenever such a need arises Contractor and each Contractor Party and their Affiliates, Foreign Subcontractors and Operator shall be entitled to purchase local currency with Foreign Exchange and covert local currency into Foreign Exchange in accordance with provisions stipulated in legislation.

18.7 Contractor and each Contractor Party, and their Affiliates and Foreign Subcontractors shall have the right to pay outside Northern Iraq Administration principal and interest on loans used for funding Petroleum Operations without having to first transfer to Northern Iraq Administration the funds for such payment.

18.8 Contractor and each Contractor Party and their Affiliates, and Operator shall have the right to pay, wages, salaries, allowances and benefits of their foreign personnel working in Northern Iraq Administration in Foreign Exchange partly or wholly outside of Northern Iraq Administration.

18.9 Conversions of currency shall be recorded at the rate actually experienced in that conversion. Expenditures and sales revenues in currency other than the U.S.$ shall be translated to U.S.$ at the rates officially published by [ National Bank of the Northern Iraq Administration ] at the close of business on the first business day of the current month.
ARTICLE 19
IMPORT AND EXPORT

19.1 Contractor, each Contractor Party and Affiliates and their agents and Operator shall have the right to import into, export and re-export from Northern Iraq Administration in accordance with the Current Legislation in force on the date this Agreement is signed.

19.2 Contractor, each Contractor Party and Affiliates and their agents shall have the right to sell any materials or equipment or goods which were used in Petroleum Operations provided that such items are no longer needed for Petroleum Operations and the costs of such items have not been and are not intended to be included as Costs and Expenses recoverable from Cost Recovery Petroleum.

19.3 Contractor, each Contractor Party, their customers and their carriers shall have the right to export the share of Petroleum on behalf of Contractor or each Contractor Party in accordance with Current Legislation in force on the date this Agreement is signed.

19.4 Foreign Employees and family members of Contractor and its Affiliates, its agents and Foreign Subcontractors, shall have the right to import into and re-export from Northern Iraq Administration household goods and personal property at any time in accordance with the Current Legislation.

ARTICLE 20
EXPORT OF HYDROCARBONS, TRANSFER OF OWNERSHIP, AND REGULATIONS FOR DISPOSAL

20.1 The Contractor, Contractor Parties, any purchaser from such parties and their respective carriers shall, for the duration of this Agreement, have the right to export from any export point selected by the Contractor for such purpose, the share of Petroleum to which the Contractor is entitled under this Agreement provided that access to such export point is not restricted generally on the grounds of safety or national security and/or Current Legislation. Access to export points shall be given to the above parties on a non-discriminatory basis and at rates no less favourable than those available in the country, or granted to others by the Northern Iraq Administration.

20.2 The transfer of title to each Contractor Party and Governorate of its share of Petroleum shall be effective upon the lifting of that share by such Party at the Measurement Point or, at the Parties’ option, at some other point, proved by Co-ordination Committee.

20.3 The Parties shall each be entitled to designate (at their own cost) an employee, independent company or consultant who shall check the lifting of Petroleum
from the Measurement Point or at such other point as may be designated in accordance with Article 20.2.

20.4 If one of the Parties is unable to lift its share of Petroleum in due time, with the result that Petroleum Operations may be interfered with or in any way disrupted, then after giving such notice as is practical in the circumstances any other Party may dispose of it, and subsequently give back to such Party an equivalent amount of Petroleum (taking into account any costs incurred).

**ARTICLE 21**

**OWNERSHIP OF ASSETS**

21.1 Ownership of any asset, whether fixed or moveable, acquired by or on behalf of Contractor in connection with Petroleum Operations hereunder shall vest in the Northern Iraq Administration without consideration if (1) both the costs of such asset have been recovered by Contractor under this Agreement, and (2) either the Agreement has come to an end or, if earlier, when the asset is no longer required for Petroleum Operations by the Contractor. The Contractor shall enjoy continued free, exclusive and unrestricted use of all assets at no cost or loss of benefit to the Contractor until the termination of this Agreement or if earlier until they are no longer required for Petroleum Operations. The Contractor shall bear the custody and maintenance of such assets and all risks of accidental loss or damage thereto while they are required for Petroleum Operations, provided however that all costs necessary to operate, maintain and repair such assets and to replace or repair any damage or loss shall be recoverable as Operation Expenses from Cost Recovery Petroleum in accordance with the provisions of Article 10.

21.2 Whenever Contractor relinquishes any part of the Agreement Area, all moveable property located within the portion of the Agreement Area so relinquished may be removed to any part of the Agreement Area that has been retained for use in Petroleum Operations.

21.3 The provisions of Article 21.1 and 21.2 shall not apply to materials or other property that are rented or leased to Contractor, its Affiliates or Operator or which belong to employees of Contractor, its Affiliates or Operator.

**ARTICLE 22**

**INSURANCE, ENVIRONMENT, HEALTH, SAFETY AND LIABILITY**

22.1 Contractor shall obtain and maintain such types and amounts of insurance for the Petroleum Operations as are reasonable and such that they comply with the Current Legislation and accepted international Petroleum industry practice and standards.

22.2 The insurance, which may be obtained, may cover:
a) destruction and damage to any property held for use during Petroleum Operations and classified as fixed capital and/or leased or rented property and/or interests in pipelines operated by the Contractor;

b) destruction of Crude Oil in storage;

c) liability to third Parties;

d) liability for pollution and expenses for cleaning up in the course of Petroleum Operations;

e) expenses for wild well control;

f) liability incurred by the Contractor in hiring land drilling rigs, vessels and aircraft serving the Petroleum Operations; and

g) losses and expenses incurred during the transportation and storage in transit of goods shipped from areas outside the Agreement Area.

22.3 In any insurance agreements, the amount for which the Contractor itself is liable (the “deductible amount”) shall be reasonably determined between the Contractor and the insurer and such deductible amount shall in the event of any insurance claim be considered as Costs and Expenses of Petroleum Operations recoverable from Cost Recovery Petroleum.

22.4. It is understood that, in order to meet their insurance obligations, insurance providers used by Contractor may conclude reinsurance and co-insurance agreements with any other insurance enterprises and organisations.

22.5. Notwithstanding the other provisions of this Agreement, the Contractor shall indemnify and hold harmless the Northern Iraq Administration against all losses, damages and liability arising under any claim, demand, action or proceeding brought or instituted against the Northern Iraq Administration by any employee of the Contractor or any Subcontractor or dependent thereof, for personal injuries, industrial illness, death or damage to personal property sustained in connection with, related to or arising out of the performance or non-performance of this Agreement regardless of the fault or negligence in whole or in part of any entity or individual; provided, however, that such losses, damages and liabilities are not caused by or do not arise out of the performance or non-performance of this Agreement by the Northern Iraq Administration or Governorate and the Northern Iraq Administration or Governorate shall indemnify and hold the Contractor (including for this purpose any Affiliate, the Operating Company and all Subcontractors) harmless against all such damage, losses and liabilities.

22.6. The Contractor (including for this purpose any Affiliate, the Operating Company and all Subcontractors) shall indemnify the Northern Iraq Administration for all loss or damage suffered by the Northern Iraq Administration arising out of the Contractor’s Petroleum Operations if such
Petroleum Operations were not in accordance with Good Oilfield Practices or applicable laws, rules and regulations and, notwithstanding the foregoing, for any loss or damage to the environment or any cultural or national monument arising out of conduct of the Petroleum Operations; provided, however, that the Contractor (including for this purpose any Affiliate, the Operating Company and all Subcontractors) shall have no liability hereunder if and to the extent any loss and damage is caused by or arises out of any breach of this Agreement (and any other agreements that may be entered into by and between the Contractor, the Northern Iraq Administration in respect of the Petroleum Operations) or breach of duty by the Northern Iraq Administration. Notwithstanding the foregoing, the Contractor (including for this purpose any Affiliate, the Operating Company and all Subcontractors) shall not be liable to the Northern Iraq Administration for any punitive or exemplary damages or any other indirect or consequential damages.

22.7. The Contractor shall not be responsible to the Northern Iraq Administration for, and shall bear no cost, expense or liability of the Northern Iraq Administration for, any claim, damage or loss to the extent such claim, damage or loss does not arise out of a failure to conduct Petroleum Operations as provided in Article 22.6. In amplification of the foregoing, the Contractor shall not be responsible for any environmental condition or damage existing in the Agreement Area prior to the commencement of Petroleum Operations or caused by a Force Majeure event during the term of this Agreement. Existing environmental conditions will be evidenced by an independent Third Party environmental baseline study of existing environmental conditions to be commissioned by the Contractor, at its own cost and expense (which shall be included as Costs and Expenses for the purposes of determining Cost Recovery Petroleum, subject to prior approval by the Co-ordination Committee) and shall be completed prior to the commencement of the relevant Petroleum Operations in accordance with Good Oilfield Practices and Current Legislation related to the environmental issues. Such baseline study shall be submitted to the Governorate and shall be incorporated in the Environmental Impact Assessment to be prepared by the Contractor in accordance with the environmental laws for the purpose of obtaining a permit for Petroleum Operations from the authority, which permit and any other permits, authorisations and consents which are or may be applicable under the Current Legislation, shall not be unreasonably withheld. Governorate agrees to provide Contractor with all authorisations, permits, certificates and other documents necessary for Petroleum Operations. If in the course of the Petroleum Operations, the Governorate provides other areas for Contractor’s activities, then new environmental baseline studies shall be included in the Development Plan that includes these areas. The Northern Iraq Administration shall indemnify the Contractor against any claim, damage or loss arising from such pre-existing environmental condition or damage, subject however, to the Contractor having taken reasonable and appropriate precautions in conducting Petroleum Operations, it being understood that in pursuing Petroleum Operations the Contractor has assumed the risk of working in the Agreement Area, and provided, further, that such indemnification shall not extend to any natural pre-existing condition.
22.8. In conducting Petroleum Operations, the Contractor shall operate according to Good Oilfield Practices and use best endeavours to minimise potential disturbances to the environment, including the surface, subsurface, sea, air, flora, fauna, other natural resources and property. The order of priority for actions shall be protection of life, environment and property.

22.9. The Contractor shall take all necessary steps to respond to, and shall promptly notify the Governorate of, all emergency and other events (including explosions, leaks and spills), occurring in relation to the Petroleum Operations which are causing or likely to cause material environmental damage or material risk to health and safety. Such notice shall include a summary description of the circumstances and steps taken and planned by the Contractor to control and remedy the situation. The Contractor shall provide such additional reports to the Authority as are necessary in respect of the effects of such events and the course of all actions taken to prevent further loss and to mitigate deleterious effects.

22.10 In the event of emergency situations as set forth in 22.9, above, at the request of the Contractor, the Governorate, without prejudice and in addition to any indemnification obligations the Northern Iraq Administration may have hereunder, shall assist the Contractor, to the extent possible, in any emergency response, remedial or repair effort by making available any labour, materials and equipment in reasonable quantities requested by the Contractor which are not otherwise readily available to the Contractor and by facilitating the measures taken by Contractor to bring into Northern Iraq Administration personnel, materials and equipment to be used in any such emergency response or remedial or repair effort. Contractor shall reimburse the Northern Iraq Administration’s reasonable and necessary costs incurred in such efforts, which reimbursed amounts shall be considered Costs and Expenses.

22.11. The Contractor shall not be liable to the Northern Iraq Administration or Third Parties for any damages caused by contamination entering the Agreement Area as a result of Northern Iraq Administration, or Third Party activities beyond or within the boundaries of the Agreement Area. The Northern Iraq Administration shall be legally and financially responsible for any loss, damage and liability, including remediation of environmental conditions which may be required for safe conduct of the Petroleum Operations, caused by the Northern Iraq Administration’s activities beyond or within the Agreement Area.

22.12. The Contractor shall not be liable for any loss or damage, including but not limited to spillage, explosion, contamination or similar environmental damage, in respect of any storage facilities, pipelines or means of transportation which are not under the direct possession and control of the Contractor or its Affiliates or its Subcontractors or the Operating Company. In addition to the foregoing, the Contractor shall not be liable for any damage whatsoever in respect of the Northern Iraq Administration share of Petroleum, storage or transportation thereof once Governorate has taken custody of the Governorate share of Petroleum.
22.13. The Northern Iraq Administration shall make best efforts to ensure the safety and security of the Contractor’s property and personnel in Iraq and to protect them from loss, injury and damage resulting from war (declared or undeclared), civil conflict, sabotage, blockade, riot, terrorism, unlawful commercial extortion, or organised crime. Notwithstanding anything to the contrary contained herein, Contractor acknowledges and agrees that the obligations undertaken by the Northern Iraq Administration in this Article 22.13 are no greater than the general obligations of the Northern Iraq Administration towards citizens of Northern Iraq Administration in respect to the perils named above. Furthermore, Contractor agrees that it shall have no claim for legal or equitable relief for failure of the Northern Iraq Administration to comply with the provisions of this Article 22.13, except as may be permitted by law.

22.14. Except as set forth in Article 28 hereof, it is understood and agreed that the Northern Iraq Administration shall not seek or declare any cancellation or termination of this Agreement and/or the License as a result of the occurrence of any emergency event described in this Article 22.

ARTICLE 23
PERSONNEL

23.1 Contractor shall be entitled to bring Foreign Employees into Northern Iraq Administration in connection with the performance of Petroleum Operations. The entry into Northern Iraq Administration of such personnel is hereby authorised, and the Northern Iraq Administration authorised body shall issue at the Contractor’s request the required documents, such as entry and exit visas, work permits and residence cards. At Contractor’s request, the Northern Iraq Administration shall facilitate all immigration formalities at the points of exit and entry into Northern Iraq Administration for the employees and family members of the Contractor, its Affiliates, Subcontractors, Operator, agents and brokers. The Contractor (or Operator on its behalf) shall contact the appropriate offices of the Northern Iraq Administration to secure the necessary documents, and to satisfy the required formalities.

23.2 The employees working within the scope of Petroleum Operations shall be placed under the authority of the Contractor, its Affiliates, its Subcontractors, agents or brokers or the Operator, each of which shall act individually in their capacity as employers. The works, hours, wages, and all other conditions relating to their employment shall be determined by the relevant employer of such employees. In relation to employees who are citizens of Northern Iraq Administration their employment shall be in accordance with the Current Legislation. To the extent that any expatriate personnel are engaged under an Agreement subject to the Current Legislation, that Agreement shall comply with the provisions of the Current Legislation. The Contractor, its Affiliates, its Subcontractors, agents or brokers however, shall enjoy full freedom in the selection and assignment of their employees.
ARTICLE 24

FORCE MAJEURE

24.1 If as a result of Force Majeure, Contractor is rendered unable, wholly or in part, to carry out its obligations under this Agreement, other than the obligation to pay any amounts due, then the obligations of Contractor, so far as and to the extent that the obligations are affected by such Force Majeure, shall be suspended during the continuance of any inability so caused, but for no longer period. Contractor shall notify the Parties of the Force Majeure situation within seven (7) days of becoming aware of the circumstances relied upon and shall keep the Governorate informed of all significant developments. Such notice shall give reasonably full particulars of the said Force Majeure, and also estimate the period of time, which Contractor will probably require to remedy the Force Majeure. Contractor shall use all reasonable diligence to remove or overcome the Force Majeure situation as quickly as possible in an economic manner. The period of any such non-performance or delay, together with such period as may be necessary for the restoration of any damage done during such delay, shall be added to the time given in this Agreement for the performance of any obligation dependent thereon (and the continuation of any right granted) and to the term of this Agreement.

24.2 For the purposes of this Agreement, “Force Majeure” shall mean a circumstance which is irresistible or beyond the reasonable control of Contractor, or any other hindrance of Contractor’s performance not due to its fault or negligence and shall be in accordance with the provision of the Petroleum Law.

ARTICLE 25

ASSIGNMENTS AND GUARANTEES

25.1 No assignment, mortgage or charge or other encumbrance shall be made by a Party of its rights obligations and interests arising under this Agreement other than in accordance with the provisions of this Article 25. Any purported assignment made in breach of the provisions of this Article 25 shall be null and void.

25.2. Save in the case of any assignment made pursuant to the provisions of Articles 25.4, 25.5 and 25.6 the following shall apply. Any Party wishing to assign all or part of its rights and interests hereunder or in any circumstances where there is deemed to be an assignment, the Party wishing to make the assignment shall first give written notice to the other Parties specifying the proposed terms and conditions of the assignment.

Following receipt of those terms and conditions, for a period of thirty (30) days each Party shall have the preferential right to match the terms and
conditions of the proposed assignment or deemed assignment. This right may be exercised by any Party giving written notice of its intention to match the relevant terms and conditions (the “Acceptance”) and thereafter the relevant Parties shall negotiate all necessary documentation in good faith. If within a further period of ninety (90) days from receipt of the Acceptance the relevant parties have not reached final agreement the Party seeking to assign may within a further period of thirty (30) days complete an assignment to a Third Party on the same terms and conditions. For the avoidance of doubt any assignment to a Third Party shall be subject to the assigning Party and the Third Party complying with the provisions of this Article 25.

25.3 A Contractor Party may assign all or part of its rights, obligations and interests arising from this Agreement to a Third Party provided that the Third Party:

a) has the technical and financial ability to perform the obligations to be assumed by it under the Agreement; and

b) as to the interest assigned to it, accepts and assumes all of the terms and conditions of the Agreement.

Any such assignment shall be subject to the prior written consent of the Governorate which consent shall not be unreasonably withheld or delayed. By way of clarification, and not in limitation of the foregoing provisions of this Article 25.3, the Northern Iraq Administration shall not be considered to be acting unreasonably in declining to consent to any such assignment if the assignment to such proposed assignee is deemed contrary to Northern Iraq Administration interests, as evidenced by a writing to that effect signed by the President, Minister, Chancellor, or the Minister of Foreign Affairs or Defence or there is an act of Parliament to that effect.

If within thirty (30) Days following notification of an intended assignment, accompanied by a copy of the proposed deed of assignment and related documentation with respect to the proposed assignee, including certified financial statements and other evidence to the Northern Iraq Administration's reasonable satisfaction of the matters set forth in Article 25.3 and such documentation, which shall include evidence of the identity of owners of the assignee, provided in the case of a company the stock of which is registered on a recognised stock exchange, a copy of the documents identifying the significant owners, as such concept is defined or used in the applicable laws pursuant to which such company registered its stock, will satisfy the foregoing requirements, and its direct and indirect parent companies, including the identity of the owners of the ultimate parent, subject to the foregoing proviso, as may be reasonably necessary for the Northern Iraq Administration, and as requested by the Northern Iraq Administration, to make a determination of the Northern Iraq Administration interests as described above, the Northern Iraq Administration has not given its written decision concerning such assignment, then it shall be deemed that the Northern Iraq Administration has declined to give such consent; provided that thereafter if upon the further written request of the Contractor for a written decision, the Northern Iraq Administration has not given a written response of any kind within fifteen (15) Days after such
further request, then the assignment shall be deemed approved and the Northern Iraq Administration shall execute an assignment, in a form acceptable to the Northern Iraq Administration, accepting such assignment. This second request from the Contractor shall cite the provisions of this paragraph and the Contractor shall obtain confirmation from the Northern Iraq Administration that the request has been received. In the event of the transfer of rights and obligations under the Agreement and License to a Third Party, Contractor shall pay all costs associated with such transfer incurred by the Agency and any tax or charge due on such transfer under the Current Legislation.

25.4 A Contractor Party may assign all or part of its rights, obligations and interests arising from this Agreement to another Contractor Party or Affiliate, without prior consent of the Governorate, provided that any such Affiliate:

a) has the technical and financial ability to perform the obligations to be assumed by it under the Agreement; and

b) as to the interest assigned to it, accepts and assumes all of the terms and conditions of the Agreement.

25.5 Each reference in this Agreement to the Contractor shall be treated as including each assignee to which an assignment has been made pursuant to this Article 25. Each reference in this Agreement to Governorate shall be treated as including each assignee to which an assignment has been made by Governorate pursuant to this Article 25.

25.6 Governorate may assign all or part of its rights, obligations and interests arising from this Agreement (including all or part of its right to lift a share of Profit Oil) to a wholly owned Affiliate or to any other sovereign state with the prior consent of the Contractor and the Governorate provided that any such Affiliate or such other sovereign state:

a) has the technical and financial ability to perform the obligations to be assumed by it under the Agreement; and

b) as to the interest assigned to it, accepts and assumes all of the terms and conditions of the Agreement.

Governorate shall give prior notice to the Contractor to any assignment under this Article 25.6.

25.7 The Northern Iraq Administration may assign all or part of its rights, obligations, and interests arising from this Agreement (including all or part of its right to lift its share of Profit Oil) to a Third Party, provided, that any such Third Party accepts and assumes all of the terms and conditions of this Agreement as to the interest so assigned. The Northern Iraq Administration shall notify Contractor of such assignment within thirty (30) days of the effective date of such transfer.
25.8 Subject to the approval of the Governorate in the event of there being any proposed assignment in accordance with the terms of this Article 25 then to the extent of the interest assigned the assignor shall be released from all further obligations and liabilities arising under the Agreement after the effective date of the assignment. The assignee shall thereafter be liable for the obligations arising from such interest in the Agreement except to the extent provided in the Agreement.

ARTICLE 26

AGREEMENT ENFORCEMENT AND STABILISATION, AND REPRESENTATIONS AND WARRANTIES

26.1 In the course of performing the Petroleum Operations, the Operator and the Parties shall be subject to all applicable laws, decrees, rules and regulations.

26.2 The Northern Iraq Administration agrees and commits to Contractor, for the duration of this Agreement, to maintain the stability of the legal, tax, financial, mining’s, customs and economic import and export conditions of this Agreement. Furthermore the Governorate hereby represents and warrants that the Governorate already received the approval of the elected Parliament of the Northern Iraq Administration which authorises the Governorate to enter into this Agreement.

26.3 The Parties agree to co-operate in every possible way in order to achieve the objectives of this Agreement. The Northern Iraq Administration and its subdivisions shall facilitate the exercise of Contractor’s activities by granting it all decrees, permits, resolutions, licenses and access rights and making available to it all appropriate existing facilities and services under the control of the Governorate so that the Parties may derive the greatest benefit from Petroleum Operations for their own benefit and for the benefit of the Northern Iraq Administration.

26.4 If at any time after this Agreement has been signed there is a change in the applicable laws, regulations or other provisions effective Current Legislation which to a material degree adversely affect the economic position of the Contractor or any Contractor Party hereunder, the terms and conditions of this Agreement shall be altered so as to restore the Contractor to the same overall economic position as that which the Contractor would have been in had this Agreement been given full force and effect without amendment.

26.5 If the Contractor believes that its economic position has been adversely affected, under Article 26.4 it may give notice to the Northern Iraq Administration and to Governorate describing how its position has been so affected and the Parties shall thereafter promptly meet with a view to reaching agreement on the remedial action to be taken. If matters have not been resolved within 90 days or as otherwise agreed the matter may be referred to arbitration by any Party in accordance with the provisions of Article 29.
26.6 The Northern Iraq Administration within the Current Legislation and its capacities warrants to the Contractor as follows:

a) The Northern Iraq Administration has taken the appropriate steps necessary to authorise the Governorate in Northern Iraq Administration to execute this Agreement on behalf of the Northern Iraq Administration and has the power to do so;

b) The signatory to this Agreement on behalf of the Northern Iraq Administration (in each of its capacities hereunder) is duly authorised to bind Governorate in Northern Iraq Administration;

c) Governorate in Northern Iraq Administration has been legally vested by the Northern Iraq Administration with the necessary power to authorise Petroleum Operations in the Agreement Area and to compensate the Contractor by allocating to it a share of the Petroleum produced in accordance with the terms of this Agreement.

d) Upon completion of the matters and procedures set out in Article 31 there is no other entity or authority whose approval or authorisation is required to permit the Contractor to enjoy and enforce its rights hereunder.

26.7 Contractor, represents and warrants that:

26.7.1 It possesses the technical expertise and financial resources to fulfil the obligations of Contractor under this Agreement;

26.7.2 The execution, delivery and performance by Genel Enerji A.S. of this Agreement are within the corporate powers of Genel Enerji A.S.;

26.7.3 Genel Enerji A.S., have obtained all corporate consents, approvals, authorizations and resolutions in accordance with its corporate statutes and the applicable laws to empower Genel Enerji A.S., to execute this Agreement, to undertake all of the obligations of Contractor hereunder.

**ARTICLE 27**

**NOTICES AND CONFIDENTIALITY**

27.1 Except as otherwise specifically provided, all notices authorised or required between the Parties by any of the provisions of this Agreement, shall be in writing in English and delivered in person or by registered mail or by courier service or by any electronic means of transmitting written communications which provides confirmation of complete transmission, and addressed to such Parties as designated below. The originating notice given under any provision of this Agreement shall be deemed delivered only when received by the Party to whom such notice is directed, and the time for such Party to deliver any notice in response to such originating notice shall run from the date the originating notice is received. The second or any responsive notice shall be
deemed delivered when received. “Received” for purposes of this Article with respect to written notice delivered pursuant to this Agreement shall be actual delivery of the notice to the address of the Party to be notified specified in accordance with this Article. Each Party shall have the right to change its address at any time and/or designate that copies of all such notices be directed to another person at another address, by giving written notice thereof to all other Parties. ARTICLE 28
TERMINATION AND BREACH

28.1 At any time, if in the opinion of Contractor, circumstances do not warrant continuation of the Petroleum Operations, Contractor may, by giving written notice to that effect to the Governorate relinquish its rights and be relieved of its obligations pursuant to this Agreement except for Contractor's obligations to complete the Minimum Work Program, except such rights and obligations as related to the period prior to such relinquishment. Neither this Agreement nor any of the rights granted hereunder nor the Operator Licence may be terminated as a result of any act or omission of Operator save in the case where Operator has carried out an act or omitted to do something at the specific request of the Contractor and Operator has previously advised the Contractor prior to carrying out the act or omitting to do something that to carry out that act or to omit to do the relevant thing may result in this Agreement being terminated.

28.2 The Governorate and/or the Northern Iraq Administration is entitled to terminated this Agreement by giving ninety (90) days advance written notice thereof to all Parties, when Contractor commits a material breach in relation with its obligations indicated in the Agreement or if Contractor has not accomplished its warranties according to Article 26.7. In case the Governorate is satisfied with the remedy plan presented by the Contractor after reviving the termination notice, the remedy period may be extended for a term as approved by the Governorate. The termination notice will be effective at the end of the arbitration procedure in case the claim of material breach is applied to arbitration as stipulated in Article 29.

ARTICLE 29
DISPUTE RESOLUTION

29.1. The Parties hereby consent to submit to the International Centre for Settlement of Investment Disputes any dispute in relation to or arising out of this Agreement for settlement by arbitration. pursuant to the Convention on the Settlement of Investment Disputes.

29.2 The Parties agree that, for the purposes of Article 24(1) of the Convention, any dispute in relation to or arising out of this Agreement is a legal dispute arising directly out of any investment, and this article has force only if all the requirements of Article 29.1 are followed.
